1. Which of the following applies to your situation?

☒ The proposed rail line is near my home. / Property

☐ The proposed rail line is near my business.

☐ The proposed rail line crosses my property

☐ Other, please specify

2. What are your concerns regarding potential environmental impacts and do you have any mitigation suggestions?

1. Water Pollution due to chemicals from the train & track.
2. Additional Flooding.
3. Noise Pollution affecting livestock, causing them to run & stamp.
4. Traffic Jams! An alternate route is too far to go.
5. Causing damage to old Historical Markers.
6. Possible train derailment? Who will Evacuate us and how?

3. Please use this space for additional comments or suggestions.

We have Major Flooding in Quihi. Most of us have to wait for water to subside in order to leave our property. So far my home has not been flooded, but I am concerned that a railroad line will cause additional flooding.

I am very concerned about what chemicals are used on the track and the train. I know the wheels have to be greased. You cannot make believe that these chemicals will not affect our water.

Thank you for your comments.
